

## Communications Log

October 22nd - 28th

October 25th

Herraj:

I know we have a meeting scheduled this Friday (tomorrow) but I was thinking of cancelling it.

We are in our design documentation phase now and we don't have those documents ready yet. So there is no point of having a meeting and we can save you some time.

However, If you would still like to meet, I can meet you for a quick update on the progress.

Kind regards,  
Herraj

Dr.Abdallah:

No worries.

Thanks Herraj for letting me know.
