Herraj:

Hello Professor,

Before we show you the UI design and mockups, I want to make sure if this course planner would be a desktop only application?

If you want it to be responsive for other sizes of screens such as phones, tablets, e.t.c then please let me know and we can create UI designs accordingly.

Kind regards,

Herraj

Dr.Abdallah:

Hi Herraj,

No, this planner should be web-based.

Thanks,

Abdallah
