October 29th

Dr.Abdallah:

Hi Eunice and Herrraj,

We spoke before about protecting student/TAs info in the systems we are developing under the capstone projects. Here is an online course that covers the fundamentals of data privacy at UBCO: https://privacymatters.ubc.ca/fundamentals-training

I think it would make sense that at least one of the students in each capstone group completes this course. It takes about 20-30 minutes to finish.

Best,
Abdallah

November 1st

Herraj:

Hello Professor,

Sorry for the short notice but I want the team to meet you tomorrow to show the design document and talk about our progress.

We can meet 1:30pm. If you're unavailable at the time, please let me know.

Kind regards,
Herraj

Dr.Abdallah:

Hi Herraj,
I can meet tomorrow at 1:30pm for 20 minutes. Would that work?

Best,
A

Herraj:
Yes it works!

Thanks,
H

November 2nd

Mackenzie, Taylor and I (Herraj) met with the client as part of our client meetings on Fridays at 1:30 pm. We showed the client our UI mockups and updated them of our progress. Client was mostly happy and suggested some changes for our UI design.
